Experimental Report

4.2.2026

- Experimental Investigation of Voltage Flicker at 8 Hz Modulation (230V - 219V)

Figure 1 Voltage waveform comparison: Grid voltage with flicker vs. DVR output

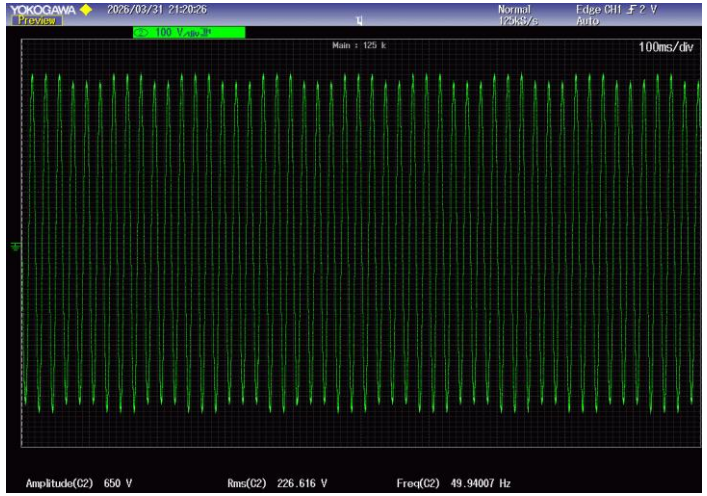

Figure 2 Grid voltage with Flicker

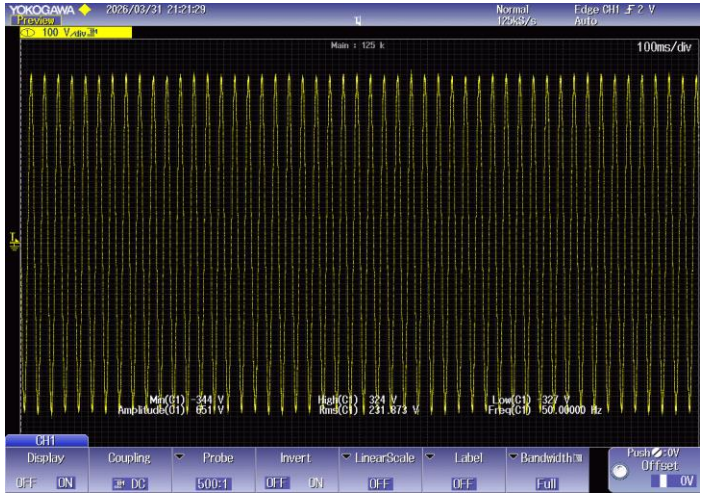

Figure 3 DVR output

Channel 1: After Inject Voltage
Channel 2: Grid With Flicker

Experimental Investigation of Voltage Flicker at 8 Hz Modulation (230V - 215V)

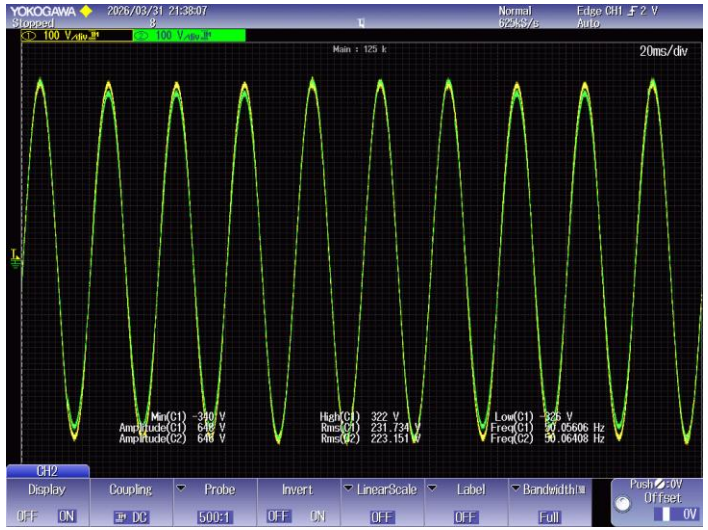

Figure 1 Voltage waveform comparison: Grid voltage with flicker vs. DVR output

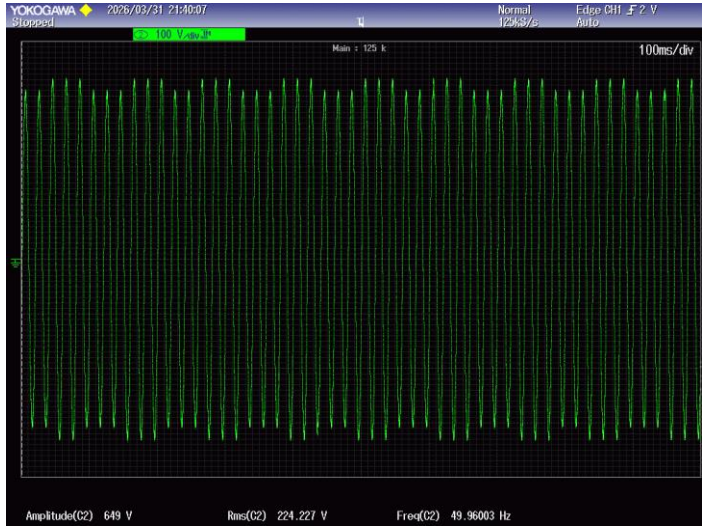

Figure 2 Grid voltage with Flicker

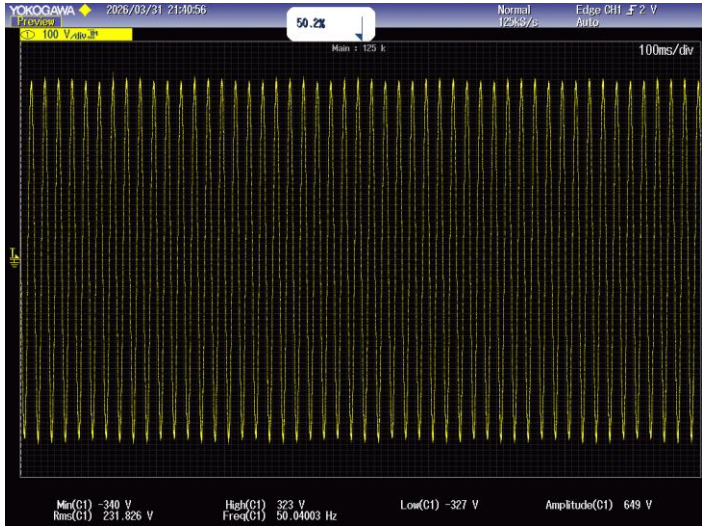

Figure 3 DVR output

Channel 1: After Inject Voltage
Channel 2: Grid With Flicker

Experimental Investigation of Voltage Flicker at 8 Hz Modulation (237.5V – 222.5V)

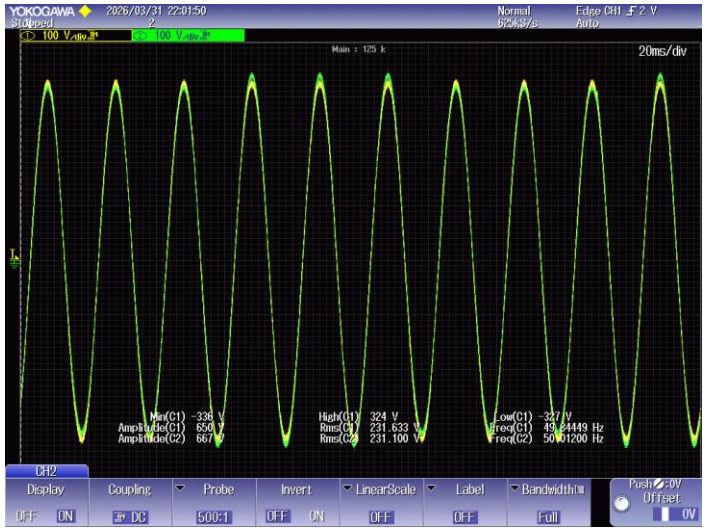

Figure 1 Voltage waveform comparison: Grid voltage with flicker vs. DVR output

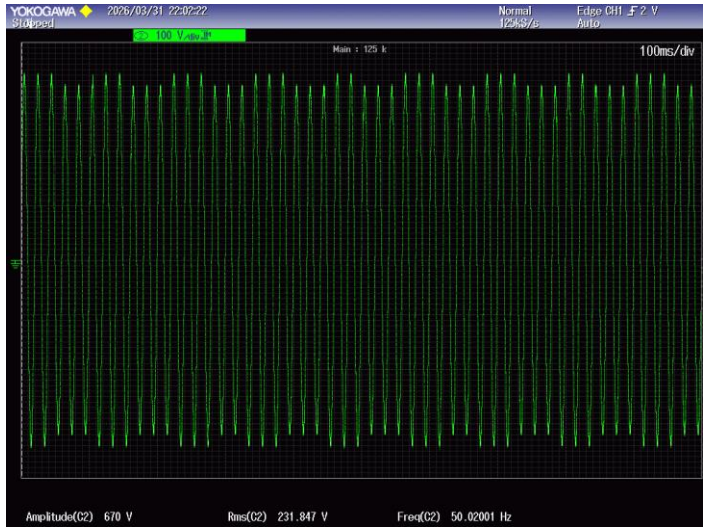

Figure 2 Grid voltage with Flicker

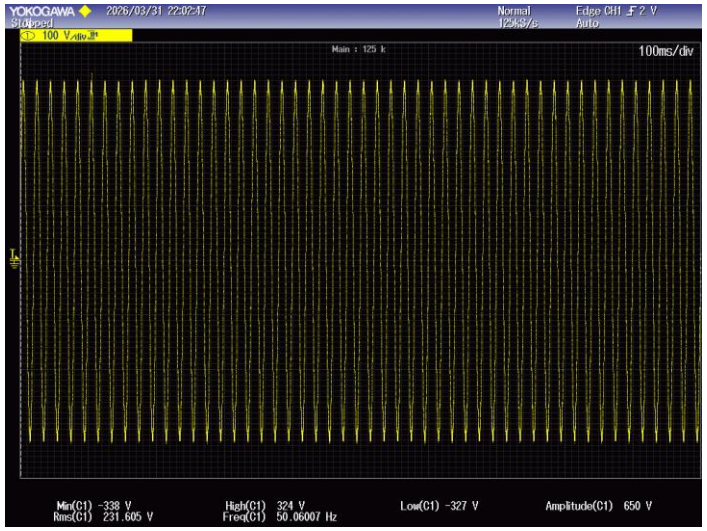

Figure 3 DVR output

Channel 1: After Inject Voltage

Channel 2: Grid With Flicker
